[REDACTED]

SUBJECT :

Vital Materials

1. You recently raised a question as to what action we had taken on this matter, indicating an interest in the problem by [REDACTED] 25X1A9a

2. Attached are copies of two memoranda pertinent to this question. My suggested draft of 21 May 1954 to Chief, D/E was a suggested method of handling the problem. This was not used, but instead [REDACTED] brought the problem orally to the attention of those concerned. The second memorandum, that of 28 May, was sent out by Chief, D/E. 25X1A9a

3. To my knowledge, no follow-up action to this memo was taken.

4. Please advise if I am to do anything at this time with respect to a new survey of material to be preserved.
